

**SEPARATE STATEMENT OF
COMMISSIONER MICHAEL J. COPPS**

Re: *Federal-State Joint Board on Universal Service; Virginia Cellular, LLC, Petition for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Virginia.*

Today we grant Virginia Cellular eligible telecommunication carrier (ETC) status in study areas served by rural and non-rural telephone companies. We make some headway in this decision toward articulating a more rigorous template for review of ETC applications. Although I support this grant, I believe that the ETC process needs further improvement. The long-term viability of universal service requires that the Commission get the ETC designation process right. We must give serious consideration to the consequences that flow from using the fund to support multiple competitors in truly rural areas. And when we do fund competition, we need to ensure that we provide the appropriate level of support. For these reasons, I look forward to reviewing the Joint Board's upcoming Recommendation on universal service portability and ETC designation. I am hopeful that this document will lay the foundation for an improved approach that both honors the public interest and reflects the realities of the market.
